This Portfolio shall be invested primarily in mutual funds for all asset classes other than cash, cash equivalents, certificates of deposits and government bonds. As a result, assets held in this Portfolio will be well diversified.

V. Time Horizon:

- W. Fund objectives are based on a three to five (3-5) year investment horizon so that interim fluctuations should be viewed with the appropriate perspective. The Fund investment time horizon has been selected to ensure that the risk is reasonable for the anticipated amount of time that the assets are held in the Fund.

X. Diversification:

- Y. Investments shall be diversified with the intent to minimize the risk of large losses to the Fund. Consequently, the total Portfolio will be constructed and maintained to provide prudent diversification with regard to the concentration of holdings in individual issues, corporations or industries.

Z. Asset Allocations:

AA. Target ranges for allocations may be recommended by the financial advisor based on a suggested model which is reviewed by the Committee and considered and approved by the Board of Directors. To meet the Fund objectives and achieve the best balance between risk and return for optimal diversification, the Fund shall allocate assets in accordance with the targets for each asset class as stated below:

FF. Fixed Income:

GG. The Fixed Income asset class may consist of mutual funds and other pooled asset portfolios that are invested principally in fixed income securities that are rated investment grade or better, i.e., rated in one of the four highest rating categories by an NRSRO at the time of purchase or, if not rated, are determined to be of comparable quality by the financial advisor or a mutual fund sub-advisor.

APPENDIX D

Government Affairs Policy Guidelines

(Public Policy Values and Parameters)

In establishing positions and taking actions on government affairs issues, the Painting & Decorating Contractors of America (PDCA) shall adhere to the following principles and policies. These statements reflect PDCA's role of supporting and encouraging the highest ideals of competition and fairness, and the overall betterment of the coatings application industry.

1. PDCA advocates that consumers should be able to freely purchase paint, coatings and wallcovering services and applications, which best suit their needs. PDCA advocates that competition for painting and decorating services should always be encouraged and enhanced. Each contractor should only be limited in their business pursuits (the procurement of work) by their capacity to perform the specific specialty and fulfill contracts. If contractors have the ability and experience to bond, finance, control, supervise and expedite a project, contractors should not be kept from pursuing the project because of non-business factor.
2. PDCA advocates that the public is ill-served by contractors who do not comply with the legal practice of the painting and decorating profession. Contractors who do not obtain appropriate insurance, pay sales or other legal taxes, do not train and take responsibility for the safety and health of employees, or do not follow sound environmental practices including the proper disposal of waste material are not representative of the concern PDCA has for the consumers, public and the coatings application workforce and industry.
3. PDCA advocates that each and every company should be as free as possible from government interference in the day-to-day process of conducting business. PDCA affirms that all laws, regulations and compliance guidelines should be kept to the minimum level necessary and justified with objective, verifiable data.
4. PDCA opposes any legislation which seeks to increase employee control without also increasing employee responsibility for their action(s).
5. It shall be the Policy of PDCA to form partnerships with all related entities (government agencies, legislators, employee representatives, materials and equipment manufacturers and other industry related trade Associations or groups). These partnerships are to enhance the business environment of painting and decorating industry.
6. It shall be the Policy of PDCA to remain neutral on federal legislative and regulatory issues where union contractor members and merit shop contractor members will have opposing views. PDCA will not become involved in these debates or express a position. PDCA is directed to gather pertinent information and inform the membership of these issues.

APPENDIX E

APPENDIX I

Operations Information Update Request - Purpose

Approved October 2011

Purpose of the Annual Operating Information Update

The PDCA Board requires PDCA Councils to collect information annually from their respective Chapters regarding operations. The purpose for gathering this information on the attached form is to assist PDCA in satisfying its legal and fiduciary responsibilities to insure that Councils and Chapters are operating in accordance with the PDCA Bylaws and Policy, and in a way that does not create liability for the parent organization. The request also seeks information to insure compliance with IRS requirements.

Starting in 2011, the information provided will be stored in a central repository at the PDCA National office. Councils and Chapters can access their information to support more efficient management of their organizations. For example, EIN numbers, bank account information, bank addresses, names of past officers or other information lost or misplaced due to changes in volunteer officers or changes in staff can be retrieved from this central repository. In addition, the form is designed to act as a checklist for Chapters to assist them in complying with legal requirements and best practices.

While "best practices" are not strictly mandated procedures, they do help the Chapters and Councils of an Association operate efficiently. More specifically in regard to financial reporting:

- If the Council or Chapter does not have written financial policies and operational procedures your board should seriously consider drafting and adopting them. Councils and Chapters that have put procedures or financial policies in place report that they are very pleased with the results. Such documents aid in stabilizing the organization when there are changes in the volunteer leadership and employee turnover. Fiscal policies result in proper check handling and bank account management.
- If you fail to file the required state reports your organization's corporation status will be revoked. If this happens your corporation will not be able to legally transact business. The procedures for filing the reports needed to maintain your corporation's active status and the procedures for reinstatements can in most cases be found on your State government web site. Be aware that the reporting requirements vary greatly from state to state.

The completed form is required no later than February 28, 20XX.

APPENDIX J

Reimbursement Guidelines

Governance meetings are an integral part of Association's activities and volunteer input is essential to the continued success of PDCA. It is the Board of Directors intention that each individual volunteer will be reimbursed according to Policy. Please follow the guidelines and kindly direct any questions to the Treasurer and/or Executive Director. In any event, Directors shall not be reimbursed more than one thousand five hundred dollars (\$1,500.00) per Association event (except for Board of Directors meetings) unless prior approval is provided by the Treasurer. In most cases, all volunteers shall be reimbursed according to these guidelines.

General Director Travel Reimbursement Eligibility:

Eligibility for travel reimbursement for PDCA Directors begins simultaneous with the start of the Director's respective term. For newly elected Directors, the term begins at the conclusion of the Annual Convention as per PDCA Bylaws Article 7.7.3.B. Replacement Directors are eligible upon their respective Board of Directors approved election and seating.

Airline Reimbursement Guidelines:

Reimbursement shall be provided for coach fare utilizing best business practices for ticket purchases. Reimbursement shall be provided for funds actually spent. For example:

1. Although reimbursement shall be provided for coach fare, reimbursement will only be made if such coach fare is paid. If a Director travels at a reduced rate, reimbursement shall include only the reduced rate.
2. Frequent flyer miles for travel on Association business are not a reimbursable expense. Only funds actually spent and in accordance with the airline reimbursement guidelines are eligible for reimbursement.
3. Any airline bag fees charged for Director travel is eligible for reimbursement upon a submitted receipt.

Private Auto:

Reimbursement shall be provided at the optional standard mileage rate set by the IRS at the time the expense was incurred, plus tolls and parking. Any substantial deviation from a distance shown in a standard mileage guide must be documented.

1. In the event that a private auto is used in lieu of commercial air transportation, the lesser of coach class air fare or auto mileage shall be reimbursed. No reimbursement will be made for lodging en route in lieu of more efficient air travel.
2. Damage to personal autos while being used on Association business is not covered because a portion of the mileage reimbursement is intended to defray the insurance cost to the individual. Fines for traffic violations are not reimbursable.

Lodging:

Lodging accommodations shall be reimbursed at the rate provided by the Association's host hotel for each specific event and may extend from the night preceding the day of the meeting or business through the night of the last day of the meeting. In the event that the lodging expense has not been rated by staff, reservations must be made at least twenty-one (21) days prior to a meeting and include the cost of the standard lodging rate. Premium lodging such as, suites, larger rooms or multiple rooms shall be reimbursed at the standard lodging rate twenty-one (21) days in advance rate. Only lodging expenses directly related to the Association's event are reimbursable. Incidentals such as entertainment, personal phone calls, etc. are not reimbursable.

Travel Per Diem:

Each Director shall receive a set rate of per diem for each day of PDCA travel as approved by the PDCA Board of Directors to encourage the most cost effective use of travel funds. Per Diem is paid to cover all daily food costs, airport transfers and other transportation costs, gratuities and other miscellaneous purchases. It is left to the Director to determine based use of per diem dollars. No specific receipts are required for the stated expenses. The per diem rate is \$57 per day as per IRS rules as of October 1, 2016. Example: A Director who is away from their business for three consecutive days of PDCA travel to a Board of Directors meeting will receive \$171 (3 x \$57). There is no need to collect receipts for meals, airport transfers, local transportation, gratuities, etc.

Receipts and Documentation:

Reimbursement requests for airline and lodging expenses must include original receipts. In approved instances, if originals are not available, copies may be accepted. Expenses that are not properly documented may not be reimbursed.

- a. Charges for airline travel must be supported by the passenger receipt.
- b. Hotel charges must be supported by an itemized bill with evidence of payment.
- c. Reimbursement for private auto must be documented as per above described guidelines.
- d. Per Diem will be paid from the first day of required PDCA travel to the last of PDCA travel as per documentation.

Requests for reimbursements must be submitted within sixty (60) days of the event. No Policy can anticipate every situation that might give rise to legitimate expenses. Reasonable and necessary expenses, which are not listed, may be incurred. Each Director must use his/her best professional judgment in determining if an unlisted expense is reimbursable under this Policy.

Please note that Directors are strictly prohibited from accepting reimbursements or compensation directly from Councils, Chapters, Forums and Association entities. ALL Director reimbursements shall be administered from headquarters. Any variations from the reimbursement guidelines shall require Treasurer approval. Councils, Chapters, Forums and Association entities must reconcile any Director expense payments with headquarters.

In the event Directors receive Council, Chapter, Forum and/or Association entity compensation of any type, including, but not limited to, expense reimbursements, Directors shall report compensation, and to the Board of Directors within thirty (30) days. This requirement includes all compensation whether or not the Director was compensated in the capacity of a Director.

As per PDCA Bylaws, the PDCA Board of Directors may create Forums for the purpose of organizing and uniting PDCA members within an industry related special interest group to address issues and take common action. Said Policy requires that the Board of Directors establish general Forum Policy for the governance and operation of PDCA Forums.

It is understood that the success of the Forums is in large measure part of the success of PDCA. PDCA National is committed to the success of Forums. PDCA National will support Forum membership and Forum activities
